SPEECH-LANGUAGE PATHOLOGY

Chair: Patricia Remshifski, Department of Speech Language Pathology

Master of Science in Education (MSEd)

Monmouth University’s 60-credit Masters in Speech-Language Pathology (SLP) offers you a comprehensive curriculum with specific, specialized courses in hybrid formats, and delivers a strong focus on evidence-based practice. Students participate in over four hundred hours of clinical practicum experience.

Our 26-person cohort model ensures small class sizes, and Monmouth’s Center for Speech and Language Disorders gives you critical hands-on experience diagnosing and treating communication disorders in children and adults under close professional supervision.

The triad approach in our speech pathology graduate program also includes research opportunities, allowing you to immerse yourself in an area of study and make a true impact on the SLP field. Working closely with faculty, clinical supervisors, professional speech-language pathologists, and allied health professionals, you will emerge from this program with the multifaceted educational and experiential foundation you need for a fulfilling, in-demand career.

This is a summer-start program with continuous enrollment over a two-year period. Courses are taught at the Monmouth University Graduate Center, located two miles from the main campus.

Programs

Masters

Faculty

Theresa Bartolotta, Professor (Graduate Faculty). BS, Mercy College; MA, Queens College of the City University of New York; PhD, Seton Hall University.

tbartolot@monmouth.edu

Elisabeth Mlawski, Assistant Professor (Graduate Faculty). MS, Northern Arizona University; PhD, Seton Hall University. Research interests include effectiveness of treatment, language development across the lifespan, and language and literacy in school-age children.

emlawski@monmouth.edu

Erik Raj, Assistant Professor (Graduate Faculty). BS, Stockton University; MS, Misericordia University; PhD, Wayne State University. Research interests include stuttering and clinical applications.

eraj@monmouth.edu

Patricia Remshifski, Assistant Professor and Chair (Graduate Faculty). BS, East Stroudsburg University; MS, Bloomsburg University; PhD, Seton Hall University. Research interests include disordered swallowing and communication coaching in adults with complex cognitive and language disorders with a special interest in Rett Syndrome.

Courses

SLP-CPE Comprehensive Portfolio Examination Credits: None
Prerequisite: SLP-680.
Term Offered: Spring Term
Course Type(s): None
Students will complete a comprehensive project demonstrating their clinical and research skills. This is a pass/fail course.

SLP-600 Professional Issues in Speech-Language Pathology Credits: 3
Term Offered: Spring Term
Course Type(s): None
Presents professional practice issues in speech-language pathology including scope of practice, certification and licensure as well as healthcare legislation and regulation. Code of ethics and ethical decision-making will also be addressed. Students will have the opportunity to explore contemporary service delivery topics using case studies focusing on ethical dilemmas and controversial practices that may arise in professional settings. Students will also be exposed to multicultural perspectives to contemporary issues as well as evidence-based practice.

SLP-604 Clinical Methods in Speech-Language Pathology Credits: 3
Term Offered: Summer Term
Course Type(s): None
Introduction to therapeutic methodologies in preparation for participation in clinical practicum. Provides advanced instruction in evidence-based therapeutic methods and documentation in speech-language pathology. Students will be prepared to engage in informative clinical decision making and intervention. Includes instruction of therapy techniques and procedures, as well as the development of professional goal and report writing skills. This is a pass/fail course.

SLP-610 Neurological Language Disorders and Aphasia Credits: 3
Term Offered: Fall Term
Course Type(s): None
Addresses the nature, etiology, and clinical management of adults with acquired language disorders, with primary emphasis on aphasia and related cognitive disorders. Students will study the structures and functions of the central and peripheral nervous system as they relate to human speech, language and cognition.

SLP-614 Assessment and Treatment of Dysphagia Credits: 3
Term Offered: Spring Term
Course Type(s): None
Examines assessment and intervention for feeding and swallowing disorders in children and adults. Addresses the implementation of clinical examination procedures and interpretation of instrumental diagnostic procedures. Instructional strategies for rehabilitation and compensatory feeding strategies will be provided.

SLP-625 Assessment Procedures in Speech-Language Pathology Credits: 3
Term Offered: Summer Term
Course Type(s): None
Presents an overview of diagnostic tests and procedures used in assessment of speech and language disorders across the lifespan. Students will learn the principles of measurement including reliability and validity, the calculation and interpretation of standardized test results and standard deviation.
Speech Disorders.

Course Type(s): None

Term Offered: Spring Term

SLP-660 Motor Speech Disorders Credits: 3
Term Offered: Fall Term
Course Type(s): None
Examines the neurological basis of acquired and congenital motor speech disorders including dysarthria and apraxia as well as the accompanying communication disorders that result from damage to the central nervous and peripheral nervous systems. Students learn the principles and procedures for the assessment and remediation of motor speech disorders.

SLP-665 Augmentative and Alternative Communication Credits: 3
Term Offered: Spring Term
Course Type(s): None
Provides information about augmentative and alternative communication (AAC) assessment and intervention practices related to providing services for clients with AAC needs. Students will learn concepts, strategies, techniques and issues in the field of AAC. Focus will include research that has been conducted in the field of AAC, assessment and clinical procedures, meeting the AAC needs of clients with developmental and acquired disabilities across the lifespan, and hands-on training with devices and methods of AAC.

SLP-670 Research Methods Credits: 3
Term Offered: Spring Term
Course Type(s): None
Teaches students the history of research and role of the IRB, ethical practices in research, APA style, development of a research question based on clinical needs, how to conduct a literature search on a topic, and develop a literature review. Students will also learn the difference between quantitative and qualitative research, research strategies and designs for communication sciences and disorders, data analysis, commonly used statistical tests, and methods for reporting results. Finally, students will learn to compare and contrast findings from various studies and to apply research findings to clinical practice.

SLP-679 Diagnostic Practicum in Speech-Language Pathology Credits: 3
Term Offered: Summer Term
Course Type(s): None
Provides clinical practicum hours in the assessment of speech and language in children and adults. Students will plan, carry out and report diagnostic assessments.

SLP-680 Clinical Practicum I Credits: 3
Prerequisite: SLP-604.
Term Offered: Fall Term
Course Type(s): None
Provides supervised clinical practicum hours in therapeutic management of speech and language disorders.

SLP-682 Clinical Practicum II Credits: 3
Prerequisite: SLP-681.
Term Offered: Spring Term
Course Type(s): None
Provides supervised clinical practicum hours in therapeutic management of speech and language disorders.
SLP-683  External Clinical Practicum I  Credits: 3
Prerequisite: SLP-682.
Term Offered: Fall Term
Course Type(s): None
Provides supervised clinical practicum at an off-campus facility serving a variety of populations. Examples of placement sites include acute-care hospitals, rehabilitation centers, long-term care facilities and private practices.

SLP-684  External Clinical Practicum II  Credits: 3
Prerequisite: SLP-683.
Term Offered: Spring Term
Course Type(s): None
Provides supervised clinical practicum at an off-campus facility serving a variety of populations. Examples of placement sites include acute care hospitals, rehabilitation centers, long-term care facilities and private practices.
