

TUITION AND FEES

Tuition and fees are billed by the Office of the Bursar each semester, based on the number of credits and the specific courses the student is registered for. The bill will include a comprehensive fee, any course-related lab fee(s), and room and meal charges for students living in University housing. Full-time undergraduate students (i.e., students taking 12-18 credits) are billed at a flat rate, while part-time undergraduate students (i.e., students taking less than 12 credits) and all graduate students are billed on a per credit basis.

It should be noted that more than 80 percent of Monmouth University students are eligible for financial aid. Depending upon family financial circumstances—regardless of income—actual costs could be considerably less than published student charges. Inquiries should be directed to the Financial Aid Office.
