FUNDING SOURCES

Funding Sources

The student’s financial aid package may be comprised of a combination of grant, scholarship, loan, and work-study funding. Grants and scholarships are forms of assistance that do not have to be repaid, while loans must be repaid with interest; work-study earnings are disbursed to students in the form of a bi-weekly paycheck. (Note that interest rates and repayment terms vary as a function of the type of loan a student has secured.) The following paragraphs identify and describe the types of funding available at Monmouth University.

Undergraduate Grants and Scholarships

Monmouth University Academic Scholarships and Grants

The primary form of assistance offered to full-time incoming freshmen and transfer students is provided through the incentive grant, academic grant, and academic excellence scholarship programs. Awards are made by the Office of Undergraduate Admission to students who qualify on the basis of their prior academic performance; awards are not based upon financial need. New freshmen are evaluated on the basis of their cumulative high school grade point average and their standardized test scores (e.g., SAT and ACT scores). Awards to transfer students with 24 or more transferrable credit hours are made based upon the student’s cumulative college grade point average; for students with less than 24 transferrable credit hours the award is based upon the high school grade point average and standardized test scores. For both new and transfer students, award amounts will vary as a function of academic performance.

Awards are renewable for the entirety of the student’s undergraduate career, provided the student maintains full-time enrollment status (at least twelve credit hours) each semester and satisfactory academic progress; education majors may receive a prorated award during their student teaching semester if they are only enrolled for nine credit hours. Students receiving the incentive grant are required to maintain a minimum cumulative grade point average of at least 2.0; academic grant recipients must maintain a minimum cumulative grade point average of at least 2.5; and academic excellence scholarship recipients must maintain a minimum cumulative grade point average of at least 3.0. In the event that the student fails to maintain satisfactory academic progress, the award may be reduced or cancelled.

Incentive grants, academic grants, and academic excellence scholarships may only be applied toward tuition assessed by Monmouth University, and, therefore, cannot be applied toward housing costs; academic awards are applicable to study abroad costs only when tuition is assessed by Monmouth University. Candidates are identified by the Office of Undergraduate Admission; there is no separate application process. The award is $8,000 per academic year and is renewable. To renew, students must maintain full-time status, have a cumulative grade point average of 3.0 or better, and remain a science major.

The award may only be applied toward tuition assessed by Monmouth University, and is applicable to costs associated with study abroad only when tuition is assessed by Monmouth University. The award is also available for externships for Medical Laboratory Science or Clinical Laboratory Science majors and will be prorated during the semester(s) in which course work is not taken at Monmouth University; the award will be prorated by the amount of the non-Monmouth tuition as a percentage of Monmouth tuition. For education majors the awards will not be awarded in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. The grant in combination with all other grants, scholarships, and need-based loans will not exceed direct cost (e.g., tuition, fees, and room/board for resident students). Awards are available only during the regular academic year (i.e., fall and spring semesters) and are not offered during the summer term.

This scholarship is awarded to students who are first-time, full-time freshmen with a major in the School of Science. The Office of Undergraduate Admission selects students for the scholarship; there is no separate application process for the scholarship. The scholarship is $4,000 per academic year. The award may only be applied toward tuition assessed by Monmouth University, and is applicable to costs associated with study abroad only when tuition is assessed by Monmouth University. The award is also available for externships for Medical Laboratory Science or Clinical Laboratory Science majors and will be prorated during the semester(s) in which course work is not taken at Monmouth University; the award will be prorated by the amount of the non-Monmouth tuition as a percentage of Monmouth tuition. For education majors the awards will not be awarded in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. The grant in combination with all other grants, scholarships, and need-based loans will not exceed direct cost (e.g., tuition, fees, and room/board for resident students). Athletics Scholarships

The Department of Athletics offers grants-in-aid, frequently called
athletics scholarships, to student-athletes who meet the eligibility
requirements set forth in the National Collegiate Athletic Association
(NCAA) bylaws. These grants-in-aid are offered and renewed at the
discretion of the head coach with the consent and approval of the
Director of Athletics and the Director of Financial Aid and in accordance
with guidelines prescribed by Monmouth University and the NCAA.
Grants-in-aid are made for the academic year; funding for summer course
work is awarded at the discretion of the Director of Athletics. Student
athletes who receive an athletics scholarship must complete a Grant-In-
Aid agreement, as prepared by the Department of Athletics.

University-Endowed and Sponsored Scholarships

The University offers a number of sponsored and endowed scholarships,
which have been made possible through the generosity of friends of
the University. All enrolled students automatically receive consideration
for these awards, and there is no student-initiated application process.
The Financial Aid Office will identify a preliminary pool of candidates
for each scholarship, except where stipulated by the donor, and will
select the candidate who most closely matches the donor-established
criteria. Scholarship recipients will be notified via the Financial Aid Award
Letter. Where possible and as permitted by donor stipulated criteria,
the Financial Aid Office will make every effort to renew the awards in
subsequent years.

Great Lawn Grant

The Great Lawn Grant is awarded to undergraduate students on the basis
of unmet financial need (as defined by the U.S. Department of Education)
and academic performance. All applicants for admission are given due
consideration, and recipients are selected by the Director of Financial Aid;
there is no separate application process for the grant.

Phi Theta Kappa Scholarship

Phi Theta Kappa is a national honor society for students at junior or
community colleges. A limited number of scholarships at Monmouth
University are available for students who are members of the society
at the time they enroll at Monmouth. The Office of Undergraduate
Admission will identify and select the recipients; there is no separate

Yellow Ribbon

Monmouth University has voluntarily entered into a Yellow Ribbon
Agreement with the Department of Veterans Affairs (VA). The agreement
is completed on an annual basis and includes the maximum number of
students to be funded, degree level of the recipients, and the maximum
contribution by the University. The University’s contribution is matched
by the VA. Students must be 100% eligible for Post-9/11 benefits
to qualify for the Yellow Ribbon program. All interested students
must complete the University’s online Yellow Ribbon Application
(https://www.monmouth.edu/Yellow-Ribbon-Application.asp). Full-time
undergraduate students must submit an enrollment deposit before being
considered for the program, and part- time students must submit a part-

time reply form to the Office of Undergraduate Admission. A Certificate of Eligibility and DD-214 are required from all students at least two weeks prior to the start of their first semester. The University provides funding for up to forty (40) students – both undergraduate and graduate. Awards are made on a first-come, first-served basis, and students are notified of their eligibility through an award letter. Students serving on active duty are not eligible for the Yellow Ribbon Program. Students in the Yellow Ribbon Program are not eligible for other institutional grants or scholarships. The Federal Supplemental Educational Opportunity Grant (FSEOG) and work study are only awarded to students living on campus, provided that the student has remaining unmet need after the Yellow Ribbon Grant and other VA benefits are considered. Yellow Ribbon recipients may receive the Pell Grant in addition to the benefit. Students are not issued refunds until the University receives payment from the VA. For students attending a full academic year, Yellow Ribbon benefits are generally awarded in the spring semester after the Post-9/11 benefits have been exhausted. Awards are renewable, provided that the student remains enrolled as a full-time student, and meets the established standards of Satisfactory Academic Progress for federal and state awards, and continues to meet VA-specified eligibility requirements.

Federal Pell Grant
The Federal Pell Grant ranges from $657 to $5,195 for the 2019-2020 academic year and is available to all undergraduate students, both full- and part-time, who have demonstrated extreme financial need, as defined by the U.S. Department of Education; extreme financial need is evaluated using the completed FAFSA. Pell Grants are available during the regular academic year (i.e., fall and spring semesters) and may be available during the summer term, depending upon each student’s financial aid status during the academic year. Awards are renewable, provided that the student continues to demonstrate extreme financial need and meets the established standards of Satisfactory Academic Progress for federal awards. Awards are applicable to costs associated with study abroad or study at the Washington Center.

Federal Supplemental Educational Opportunity Grant (FSEOG)
FSEOG is awarded to undergraduate students who demonstrate extreme financial need and is generally awarded to students who are Pell Grant recipients. On average, Monmouth University awards $650 to FSEOG recipients. Funding is limited, and priority is given to students who have filed their FAFSA in a timely fashion. FSEOG is available during the regular academic year (i.e., fall and spring semesters) and may be available during the summer term on a limited basis. Awards are renewable, provided that the student continues to demonstrate extreme financial need and meets the established standards of Satisfactory Academic Progress for federal awards. Awards are applicable to costs associated with study abroad when the tuition is assessed by Monmouth University or study at the Washington Center.

Federal TEACH Grant
Through the College Cost Reduction and Access Act of 2007, Congress created the Teacher Education Assistance for College and Higher Education (TEACH) Grant that provides grants of up to $4,000 per year (including the summer term); students may receive a maximum of $16,000 in TEACH Grant funding for undergraduate studies. In exchange for receiving a TEACH Grant, the student must agree to serve as a full-time teacher in a high-need field (e.g., bilingual education and English language acquisition, foreign language, mathematics, reading specialist, science, special education, or other identified teacher shortage areas) in a public or private elementary or secondary school that serves low-income students. As a recipient of a TEACH Grant, the student must teach for at least four academic years within eight calendar years of completing the program of study for which the TEACH Grant was awarded.

IMPORTANT: If the student fails to complete this service obligation, all TEACH Grants that the student received will be converted to a Direct Unsubsidized Loan, with interest having accrued since the date the TEACH grants were originally disbursed. The student must then repay this loan to the U.S. Department of Education. Note: TEACH Grant recipients will be given a six-month grace period prior to entering repayment if a TEACH Grant is converted to a Direct Unsubsidized Loan.

Eligibility Requirements
To receive a TEACH Grant, the student must meet the following criteria:

- Be enrolled as an undergraduate, post-baccalaureate, or graduate student in a postsecondary educational institution that has chosen to participate in the TEACH Grant Program;
- Be enrolled in course work that is necessary to begin a career in teaching or plan to complete such course work. Such course work may include subject area courses (e.g., math courses for a student who intends to be a math teacher);
- Meet certain academic achievement requirements (generally, scoring above the 75th percentile on a college admissions test or maintaining a cumulative GPA of at least 3.25); and
- Sign a TEACH Grant Agreement to Serve, and complete an Entrance Counseling session.

Iraq and Afghanistan Service Grant
The Iraq and Afghanistan Service Grant is for students whose parent or guardian died as a result of military service in Iraq or Afghanistan. The grant amount is equal to the maximum Federal Pell Grant for the award year and cannot exceed cost of attendance. For the 2019-20 award year, the maximum Federal Pell Grant is $6,195. Due to sequestration, awards first disbursed on or after October 1, 2019 and before October 1, 2020 must be reduced by 6.2 percent. This results in a maximum award of $5,810.91.

Students must complete the Free Application for Federal Student Aid (FAFSA) and meet the specific eligibility requirements below in order to qualify for an Iraq and Afghanistan Service Grant.

- You are not eligible for a Federal Pell Grant on the basis of your Expected Family Contribution (EFC) but
- Meet the remaining Federal Pell Grant eligibility (https://www.monmouth.edu/finaid/types/undergraduate/grants-and-scholarships/federal-pell-grant) requirements
- Your parent or guardian was a member of the U.S. armed forces and died as a result of military service performed in Iraq or Afghanistan after the events of 9/11, and
- You were under 24 years old or enrolled in college at least part-time at the time of your parent’s or guardian’s death.

Final determinations of eligibility are made by the New Jersey Higher Education Student Assistance Authority (NJHESAA); Monmouth University has no influence or control over a

3. Make satisfactory academic progress in order to continue to receive the award.

There is no separate application for the scholarship; eligible students will be notified by NJHESAA. Funding of this award is subject to change due to annual State budget appropriations.

The NJ STARS II Program is a continuation of the NJ STARS I Program that provides successful NJ STARS I students at New Jersey county
colleges with funding to transfer to a New Jersey four-year college/university to earn a bachelor’s degree. NJ STARS II awards may only go toward tuition, unless the student is also a Tuition Aid Grant (TAG) recipient, in which case it goes toward tuition and approved fees. All other State and Federal grants and scholarships will be applied to the charges first; the award will not exceed $1,250 per semester. NJ STARS II awards are dependent upon annual State budget appropriations. Awards are available only during the regular academic year (i.e., the fall and spring semesters) and are renewable, provided the student meets the established standards of Satisfactory Academic Progress for state awards. Awards are applicable to costs associated with study abroad when the tuition is assessed by Monmouth University or study at the Washington Center.

In order to be eligible for this scholarship, students must:
